

NEWSLETTER "TOGETHER WE CAN"

*In Marseille, France
from 18 to 19 May 2022*

There are 6 countries participating in this project, France, UK, Romania, Turkey, Lithuania and Poland. They represent different types of Organizations.

This project integrates experimental prevention programs in different territories with the active participation of young people. This methodology combines cognitive, affective and relational elements. This makes it possible to promote the method of non-formal education. The innovative of this project goes through the content and the method.

The main outcome of the project will be the construction of a model of preventive intervention in a non-formal way. The booklet will be collected and illustrated with all the best practices, freely and easily accessible by the public.

In this project the young people are active and even considered as a resource element for the design and construction of tools but also of content.
