

Newsletter n°1
February 2023

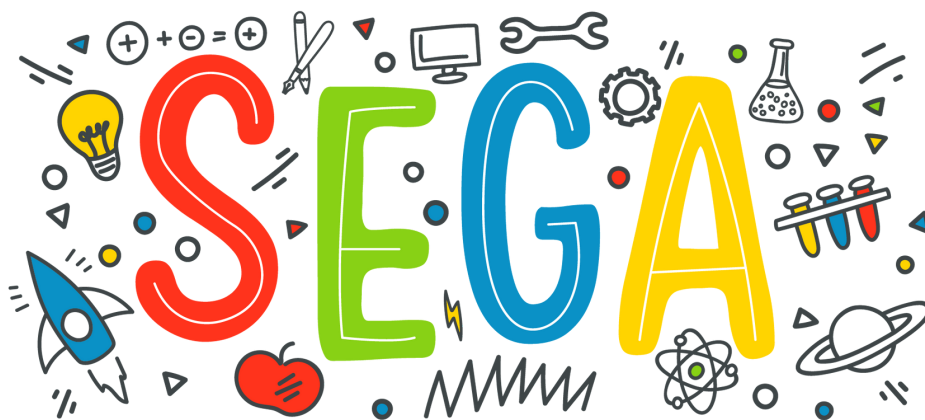

WELCOME TO THE FIRST SEGA PROJECT NEWSLETTER!

Project SEGA aims to support Early Childhood Educators (ECE) in the implementation of STEAM (Science Technology, Engineering, Art, Mathematics) activities in the classroom through a gamified approach.

The project will achieve this through a three fold design:

- the development of a digital toolkit with a theoretical background and support materials designed for the Early Education classroom about STEAM;
- the development of a Gamified story book, guiding educators and students through a playful teaching and learning path;
- the development of an online STEAM training course addressed to ECE.

THE FIRST FACE-TO-FACE MEETING OF THE PROJECT IN LODZ (POLAND)

Newsletter n°1
February 2023

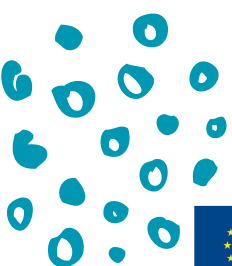

The partners met in February in Poland. The partners discussed the conclusions from the preliminary work to establish a framework and lesson plans for STEAM education for ages 4 to 8 years old. Plans were also made for the learning workshops for teachers the partnership hold in June 2023.

QUESTIONNAIRES FOR TEACHERS

The partners developed a questionnaire for teachers. The questionnaires aims to evaluate the level of understanding of the STEAM teaching approach and teacher attitudes towards STEAM in Early Childhood Education. Teachers, we need your participation!

You can access the questionnaire [here](#).
